Linking Simmental Genetics to the Beef Business!

Back in 1987, when the American Simmental Association decided to bring its official magazine in-house, the staff was given a mission: "to provide communication, education, and information" to the membership.

First, under the banner of *the Register*, and later when *SimTalk*, and, for a time, *American Simbrah*, were added under the larger umbrella of ASA Publication, Inc., the editorial and advertising staff has upheld the original mission.

Today, numerous other responsibilities have been added, including an Annual Report, a Breeder's Directory, *Sire Source*, sale catalogs, press releases, and web marketing, among many others.

Communication

◆ ASA's magazines, *the Register* and *SimTalk*, keep members up-to-date on industry events, fellow breeders' sales, and state association events, while also allowing members the opportunity to communicate their events.

Education

◆ ASA taps into the rich knowledge of the staff by creating educational articles, and gives members access to additional educational resources through a variety of platforms ranging from print to social media.

Information

◆ Keeping abreast of industry news, the state of SimGenetics in the marketplace, and having a source for accurate information is important for producers. ASA Publication, Inc., is committed to providing up-to-date industry news and information.

An Effective Outlet for Advertisers

With the increasing demand for SimGenetics, now is the perfect time to create a specific marketing plan to access the growing number of breeders and potential customers. ASA Publication, Inc., has all of the resources to help you create an effective marketing strategy.

Advertising with ASA provides added value beyond the ad. Your sale date will be published in *the Register* and *SimTalk* Date Books; on simmental.org; and sales reports with averages, high-sellers, and up to four photos printed in *the Register*.
