## Detailed Instructions (use 1-5 listed above)

14. Update Inventory
  - If the dam is remaining in your herd, enter appropriate **Enrollment** code in **Primary Code** column or leave blank if no special code is needed
  - If the dam has been removed from your herd, enter a **Removal Code** in the **Primary Code** column. To designate a second reason for removal (optional), you may enter a **Removal Code** in the **Addtl Code** column as well.
  - **A/B/C/N Enrollment Type** – If you are enrolling in **Option A** - place an **A** in this column. For **Option B** - place a **B** in the column. For **Option C** place a **C** in this column. If the cow is being removed from the herd place an **N** in the column.
  - **Remarks** - You may use this column if you wish to have additional remarks on a dam. This column is for member use only, ASA will *not adjust enrollment* based on this column.
  - **Bill Code** - This column is to be used by members to indicate how you would like to be billed for your enrollment. A “**H**” in this column indicates you wish to pay half the enrollment fee at time of submission. The other half of the fees will be billed in the second half of the same year. An “**F**” indicates to pay the full THE fee at the time of submission. If nothing is entered or column is left blank, a “**F**” is assumed.
  - To add cows: (Scroll down to a blank row. If you do not have a blank row, click on your last dam and hit your enter key. This will create a blank row.)
    - Cows on file with ASA\*, enter ASA number in **AnmRegNbr** column

- Cows not on file with ASA\*, enter tattoo in the **AnmTatt** column, enter birthdate in **BirthDt** and breed(s) in **Brdcds** column.  
**\*Please note:** If your dam has had a calf reported to her or has been enrolled in THE previously, she will have a number in ASA's system. Please enter that number into the **AnmRegNbr** column so that a new dam record does not get created.

15. If there are **Errors** and/or **Warnings**,

- **Errors** (indicated in red at beginning of row) or **Warnings** (indicated in purple at beginning of row)
- Move cursor to the top of spreadsheet and select tab labeled **Errors** or **Warnings**
  - Screen will display each error or warning
  - Errors must be corrected before submitting data to ASA
  - Warnings may need to be corrected before submitting to ASA
  - *Jobs may be submitted to ASA with warnings, but not errors*

16. Once all cows have been given an enrollment or at least one removal code and there are not any errors, select **Submit Data**

- A new page will display; if there are no errors, a **Proceed to Billing** link will be available
- Select the **Proceed to Billing** link to display a billing summary. THE is billed at the time of submission, so you will have an invoice amount due if you are enrolling in **Option A or C** (after the first deadline all options (A, B or C) will have a balance due).
- Choose one of the following to complete your job:
  - If you wish to complete payment with a credit card select **Add Payment**. Enter in your credit card information and select confirm. You will then need to select the button **Final Submit** (Only click once). A screen will then show an invoice that you can print and store in your records. It should also say **Invoice Status : Complete**.
  - If you would rather mail a check to ASA, select **Hold Until Payment Received**. A screen will then show an invoice with the current amount due that you can print and store in your records. Note: enrollments will not be completed until payment is received.

17. To save job and return later, select **Save and Exit**. The job will remain in an incomplete status under your account. ***Please be aware that billing will work off the submission date, not the date the job was initiated.***

**\*\*\*Please double check** to make sure your inventory job is complete. If you go to Data Entry, select Online and on the left hand side choose Job List. If your **Inventory Dam 2012 F** job is listed with a button that says **Resume**, it is still at an incomplete status. Select Resume and submit your job through completion.

18. Submit your inventory by **June 15, 2012** to ensure the lowest possible THE enrollment fees. All rates are listed below.

	<u>Option A (TR)</u>	<u>Option B (SR)</u>	<u>Option C</u>
After June 15	\$16.00	\$1.00	\$8.50

\*If you miss the **June 15, 2012** deadline and were enrolled for Fall 2011:

- All of your dams on the preliminary inventory generated by ASA will be enrolled in **Option A** at \$16.00 each.
- Members will have until August 1, 2012 to make adjustments to their inventory (the same way as enrolling) including a choice to change from **Option A** to **Option B** or **C**. (THE fees will be adjusted if you change to **Option B** or **C** within the 30 days).

Note: If adjustments are not made by August 1, 2012, your preliminary inventory will be accepted as is (including enrolled in **Option A**, regardless of previous year's option). There is a \$1.00 late-enrollment fee that will not be refunded.
